Signatures

Submission of the proposal requires the signatures of the authorized person(s) at the host institutions of each of the PI&C and co-PIs (“Authorization”).

- Please consult your institutional research services regarding the person mandated to sign the proposals and plan sufficient time to obtain their signatured
- Enter the name of each authorized person in the online form. This information will be included in the PDF to be signed.
- Download the PDF using the link “You can generate the signature sheet here”.
- Signatures may be provided in various formats
  - Add a scanned or physical signature, and upload the form; or
  - Insert an electronic signature (e.g., A-Trust, Handysignatur) and upload the form. Please note that electronically signed PDFs cannot be merged into a single document.

Unlike proposals in the previous Submission System, signatures from the core team are no longer required in the new Funding Portal.
