

Submission Process

(institutional pre-selection)

Proposals must be submitted via the [WWTF Funding Portal](#). All proposal information will be processed via this system. Proposals which arrive at WWTF any other way than the [WWTF Funding Portal](#) will not be considered.

Limitation of proposals submission per institution

The number of submissions per institution is limited. In case you are a potential applicant, contact the service point at your institution listed below.

Pre-selection at institutions and submission of a proposal via WWTF Funding Portal

Proposal submission by individual applicants without the authorization / pre-selection of their institution are not possible in this call.

Submitting institutions have to pre-select and authorize the proposals to be submitted. The leadership of the institutions must send WWTF the e-mail addresses of those authorized to submit. For those applicants authorized by the institutions, WWTF will create a proposal (considering the limitations stated above). Please note that the same person can only be involved in max. 2 proposals.

The submitting institution is free to define their own internal selection processes, given the scope of the call.

For the proposal pre-selection at your institution, please contact (*list will be completed in due course*):
