

# ICT25 / Eligibility of applicants and roles in the project

The general eligibility of applicants is specified in the [WWTF Funding Guideline](#) (*in German only*).

A project's **core team** may include **up to three Principal Investigators (PIs)**. This includes a PI&C and up to two co-PIs.

- Core team members may share equal management and scientific roles in the project.
- The core team must have an excellent scientific track record that demonstrates the ability to conduct the proposed research project.
- WWTF especially encourages young and female scientists to apply as PI.
- **Each core team member must submit a CV**, which will form part of the evaluation.
- A researcher may appear as a core team member (i.e., PI&C, co-PI) in a maximum of two proposals in this call. In case of three or more proposals with the same PI, WWTF will accept the first two proposals submitted. Involvement in other past / ongoing / granted WWTF projects does not impact upon eligibility to apply in this call.

One PI must be designated as **PI&C**.

- For legal and administrative reasons (funding contract, reporting), WWTF requires a PI&C to be named. The PI&C will be the contact person for WWTF regarding all aspects of the project.
- The PI&C must have an affiliation at a Viennese research institution, which will serve as a legal contract partner. This also applies to researchers moving to Vienna, who will have a Viennese affiliation in case of funding.
- The PI&C should be an expert in an area relevant to the topic of the proposal. He/she must have an excellent scientific track record and a proven capability to manage projects.

Up to two **co-PIs** may also be named in the core team.

- WWTF recognizes that co-PIs may have equally significant scientific roles in the project. However, the PI&C will be regarded as the main contact person for the project.
- Co-PIs may be based in Vienna, Lower Austria or elsewhere (in Austria or internationally) in fulfillment of the requirements of regular WWTF projects or Joint Projects (see below).

Additional **project partners and collaborators** are permitted in the research team. They can be added by name in the full proposal stage.

- No industry involvement is required. Industry partners are not eligible for funding, but may partake with in-kind or financial contribution.
- **Non-academic collaboration partners** (e.g., NGOs) may be part of the research team. However, the core team members and the majority of additional team members in the proposal should have an academic background.

#### **Research partners outside Vienna:**

- For regular WWTF projects, project partners outside of Vienna may receive up to 20% of the total requested funding.
- This call operates under the “Joint Projects” agreement with the Province of Lower Austria
