ICT25 / Scope of the call

This call seeks to enable cutting-edge projects that improve the understanding of fundamental research questions in ICT, thus enhancing the international visibility of Vienna's innovative ICT research landscape,

This call is open to researchers from all areas of ICT. Projects should address fundamental, hypothesis-driven research questions, develop and apply cutting-edge methodology, and present a clearly defined research plan. Project topics may range from theoretical computer science to the intersection of ICT with other domains (e.g. health, energy, industry, transport, finance and other societal issues). Proposals should focus on advancing basic knowledge in ICT while laying the foundations for future high-impact applications. Projects may be focused within a single discipline or be interdisciplinary in nature.
