# Register & Login

## Register

- Go to [https://fundingportal.wwtf.at/](https://fundingportal.wwtf.at/)
- Go to "Register" in the top menu
- Enter your registration data (*indicates mandatory fields)
- Please note that the person who initially registers must not necessarily be the PI&C of the project. The PI&C and co-PIs can be invited to the proposal at a later time. This allows research support and admin personnel to first check the requirements for submitting a proposal.
- You will receive an email to confirm registration.

**If you are a PI, please complete your profile as early as possible because your profile information is used in the other parts of the proposals (e.g., your institution).**

## Login

- Go to [https://fundingportal.wwtf.at/](https://fundingportal.wwtf.at/)
- Login with your credentials
