Create a Proposal

This is an invite-only call. It features a pre-selection process by your team in order to decide who will be the eligible applicant for each of the 7 project teams for this consolidation call. Once this decision has been made, the team needs to inform WWTF of the eligible PI and provide their email address, to which WWTF will create a proposal within the Funding Portal.

Upon login, you will find your proposal ready to be filled out.

> To be able to access your proposal, you either need an WWTF account or login with your institutional address (for ACOnet participants).
