

Authorizing Signatures

Submission of the proposal requires the signatures of the authorized person(s) at the host institutions of each of the PI&C and co-PIs (“Authorization”).

- Please consult your **institutional research services** regarding the person mandated to sign the proposals and plan sufficient time to obtain their signatures.
- Enter the name of each authorized person in the online form. This information will be included in the PDF to be signed.
- Download the PDF using the link “You can generate the signature sheet here”.
- Signatures may be provided in various formats
 - Add a scanned or physical signature, and upload the form; or
 - Insert an electronic signature (e.g., A-Trust, Handysignatur) and upload the form. Please note that electronically signed PDFs cannot be merged into a single document.

Please note that signatures do not have to be on the same sheet. The upload of multiple signature files is possible.

Please ensure signatures are dated. Undated signatures will not be accepted.

Unlike proposals in the previous Legacy Submission System, signatures from the core team are no longer required in the new Funding Portal. Core team members agree by checking the terms online.
